

William Liu

Senior Product Designer

williamliu_1989@hotmail.com | (415) - 420 - 1316 | Portfolio: www.wensproject.com

Product designer with 10+ years of experience shaping complex enterprise systems across cybersecurity, network intelligence, and education. Applied design concepts to create user-centered interfaces and experiences for digital products. Experienced in designing Data Loss Prevention (DLP) and security platforms and high-density admin dashboards—frequently the sole designer partnering with Product & Engineering. I developed and articulated a clear product vision to guide design strategy and user experience for new product initiatives, using Figma's advanced prototyping and storytelling in presentations to align senior stakeholders and drive outcomes: +75% trial conversion, +40% engagement, \$15M+ revenue.

Work Experience

Senior UI/UX Designer (Sole Designer, Staff-Level Scope)

Calbright College - Statewide Digital Learning Platform | Remote
May 2023 - Present

The college scaled from ~2,000 to 8,000+ students and 3 to 7 programs in under 2 years. Hotjar satisfaction 4.6/5, engagement rate 67%.

Student Portal 2.0

- Rebuilt student journey into adaptive, signal-driven pathways. Faster common-case actions by 30%.
- Supported DEAC accreditation and credit-bearing program transition.

Staff Portal (0 → 1) • Replaced Salesforce CRM with a unified staff portal, designing admin workflows and reporting dashboards; staff time-to-action improved 35%. • Introduced Credit for Prior Learning and state compliance reporting, enabling scalable operations and audit readiness.

UX Design Lead / Design Expert (Sole designer, Promoted in 1.5 yrs)

DiDi | Remote
Apr 2020 - May 2023

Built foundational design language. Grew team to 2 designers + 1 product intern.

EagleEye — DLP → Security Platform • Evolved a single DLP tool into a five-hub security platform, architecting admin monitoring, tracing, and investigation workflows; drove +75% trial conversion and +40% engagement lift. • Translated ML threat models and product/business requirements into explainable operator interfaces and deep drill-down dashboards. • Led and mentored junior designers to ship a real-time security monitoring dashboard with implementation-aware patterns.

IDR — Incident Detection & Response • Launched a live detection platform with automated reporting and operator-facing summaries to speed incident resolution.

DiDi International Privacy Center • Created a global breach monitoring platform with real-time incident tracking and escalation flows for cross-border teams.

Senior UI/UX Designer (4-person design team)

Cisco | San Jose, CA
Jun 2015 - Apr 2020

Co-built shared component library. Worked across three products.

Cisco Network Assurance Engine (CNAE) • Core designer for Radial View, dashboard, and search token experience. +25% operational efficiency, -20% task time. • Contributed to product line generating \$15M+ in revenue. Featured at Cisco Live keynote.

Cisco Learning Network (CLN) • Built a CCIE/CCNA certification platform — first deep EdTech experience, through-line to Calbright.

Cisco Atlas • Network ops platform translating telemetry into actionable dashboards. Feature deployment accelerated 30%.

EARLY CAREER Jun 2011 - Jun 2015

Tynker · SunSpec Alliance · New Cyberian Systems · Global Courier Express

Core Skills

Strategic: Product strategy, systems thinking, 0 → 1 exploration & validation

Architectural: Workflow architecture, information architecture, scalable patterns, Data Loss Prevention (DLP), cybersecurity-focused UX

Execution: Implementation-aware design, front-end fluency, rapid prototyping, advanced Figma prototyping & motion

Design & Prototype: Figma (Dev Mode, Variables, AI, advanced prototyping & animation), Adobe XD, Adobe Creative Cloud, Sketch, Axure RP

AI & Tools: Claude, Cursor, ChatGPT, Gemini, Lovable

Front-End & Dev: HTML/CSS, JavaScript, Tailwind, React, Next.js, GitHub, Vercel, Supabase

Analytics & Research: GA4, Hotjar, Maze

Education

California State University, East Bay

B.A. Multimedia & Art Jan 2014

Languages

English (Full professional proficiency), Mandarin Chinese (Native or bilingual proficiency)
